

Dear Team,

We hope all is well there back home, especially as you get some real winter weather! We're still enjoying sun and 70's, though it gets cold enough at night with no furnace!

We have a ton of activities this month here in Mexico, and we'd appreciate your prayers for them. This Sunday I am travelling 6 hours to southeast Mexico to ordain one of my students in his church (quite a privilege, actually!). Then the following week we have final exams for the students here in Puebla, and graduation activities for three students who finished up last summer. Plus, in the middle of all that I am attending our District Conference here in Puebla this week on Tuesday. Please be in prayer for all five of our districts and the conferences they are holding this month, as they represent over 150 Wesleyan churches and 8000 members in Mexico.

We also request prayers for safe travel and a great International Conference of the Wesleyan Church (world wide) to be held in Panama, Jan. 26-30. I am going as an interpreter, which is going to be a lot of hard work. I hope I'm cut out for it! I'll also be able to meet with our El Salvador National Coordinator, Rene Melendez, and go over plans to have 4-5 work teams from the Shenandoah District this spring and summer. We're looking forward to it!

Thanks again for all your prayers and support! You are making a difference in Mexico, El Salvador and around the world for Jesus Christ!

Blessings,
Bob
